1 SEC. 2. DEFINITION OF SECRETARY.

2 In this Act, the term “Secretary” means the Sec-
3 retary of Agriculture.

4 SEC. 3. FINDINGS.

5 Congress finds that—

1 (1) factory farms owned or controlled by indus-
2 trial operators—

3 (A) lack systemic resilience;

4 (B) present significant risks, particularly
5 in the event of a disaster; and

6 (C) negatively impact—

7 (i) farmed animals, who suffer tre-
8 mendously from cruel depopulation meth-
9 ods and without meaningful disaster miti-
10 gation efforts;

11 (ii) meat and poultry processing work-
12 ers, who are subjected to exploitative con-
13 ditions and abusive behavior by employers
14 in depopulation situations—

15 (I) including—

16 (aa) being required to spend
17 long hours, over days or weeks,
18 mass-killing farmed animals; and

19 (bb) being terminated fol-
20 lowing the completion of a de-
21 population event, without finan-
22 cial support; and

23 (II) that lead to long-term psy-
24 chological impacts, including increased
25 feelings of anger and stress; and

1 (iii) neighboring communities and the
2 environment, including through—

3 (I) flood waters overrunning ma-
4 nure lagoons resulting in ecological
5 degradation in the form of soil, sur-
6 face, and groundwater contamination;

7 (II) algae blooms; and

8 (III) wildlife population crashes;

9 (2)(A) since 2019, more than 60,000,000 poul-
10 try and 10,000,000 swine have been depopulated;
11 and

12 (B) those massive cullings are often conducted
13 using incredibly inhumane practices including ven-
14 tilation shutdown, ventilation shutdown plus, sodium
15 nitrite poisoning, and water-based foaming (as those
16 terms are defined in section 114(a));

17 (3) since 2019, industrial operators put slaugh-
18 terhouse workers in jeopardy and cost taxpayers mil-
19 lions of dollars;

20 (4) industrial operators continue to experience
21 record profits, including a 300-percent growth in
22 profits during the COVID–19 pandemic;

23 (5) industrial operators have created a system
24 that allows for the inhumane handling of non-
25 ambulatory livestock (as defined in section 3(a) of

1 Public Law 85–765 (commonly known as the “Hu-
2 mane Methods of Slaughter Act of 1958”) that
3 causes needless suffering, unsafe working conditions,
4 and the spread of foodborne and zoonotic diseases;

5 (6) industrial operators have abused the use of
6 certain drugs that increase the risk of livestock be-
7 coming nonambulatory livestock (as so defined);

8 (7) slaughterhouse deregulation and decreased
9 Federal oversight of meat and poultry slaughter pose
10 significant risks to workers, consumers, and animals;

11 (8) Federal humane slaughter laws currently
12 exempt 98 percent of animals slaughtered for food;

13 (9) current Federal animal transport laws are
14 ineffective and inherently cruel; and

15 (10) Federal support is needed to create a level
16 playing field for farmers engaged in higher-welfare
17 practices who are struggling to compete in a highly
18 monopolized market controlled by industrial opera-
19 tors.

20 **TITLE I—HIGH-RISK AFO DIS-**
21 **ASTER MITIGATION AND EN-**
22 **FORCEMENT**

23 **SEC. 101. DEFINITIONS.**

8 and result in prolonged respiratory distress prior to
9 loss of consciousness.

10 (3) VENTILATION SHUTDOWN.—The term “ven-
11 tilation shutdown” means a method of animal de-
12 population that involves sealing a building in which
13 animals are confined, shutting inlets, and turning off

20 \$1,000 per animal per act of depopulation, with con-
21 sideration given to the appropriateness of the pen-
22 alty with respect to the gravity of the violation and

1 (c) STANDARDS AND RESOURCES.—Not later than 1
2 year after the date of enactment of this Act, the Secretary
3 shall issue a final rule—

5 rapidly induce unconsciousness and death with mini-
6 mal pain and distress; and

7 (2) to coordinate a national stockpile of re-
8 sources—

20 vidual performing any labor for a covered in-
21 dustrial operator, including through an affected
22 contract grower or other affected contractor,
23 unless—

25 and direction in connection with the per-

1 performance of the labor, both under the con-
2 tract for the performance of labor and in
3 fact;

4 (ii) the labor is performed outside the
5 usual course of the business of the covered

18 **SEC. 122. MINIMUM LABOR STANDARDS FOR COVERED**
19 **WORKERS AND AFFECTED CONTRACT GROW-**

23 contract growers, or other affected contractors related to
24 a disaster mitigation event shall comply with the labor
25 standards described in subsection (b).

1 (b) LABOR STANDARDS.—The labor standards de-
2 scribed in this subsection are the following:

3 (1) WHISTLEBLOWER PROTECTIONS.—A cov-
4 ered industrial operator shall not discharge, cause to
5 be discharged, or in any other manner discriminate
6 against any covered worker or affected contract
7 grower because such covered worker or affected con-
8 tract grower—

9 (A) has filed any complaint or instituted or

11 related to this section; or

12 (B) has testified or is about to testify in
13 any such proceeding.

14 (2) HEALTH INSURANCE REQUIREMENT.—Dur-
15 ing a disaster mitigation event and for a period of
16 not less than 2 years following the disaster mitiga-
17 tion event, the covered industrial operator shall offer
18 each covered worker and affected contract grower of
19 the covered industrial operator a health plan that
20 provides coverage that is at least equivalent to cov-
21 erage provided by an essential health benefits pack-
22 age (as defined in subsection (a) of section 1302 of
23 the Patient Protection and Affordable Care Act (42
24 U.S.C. 18022)) at the silver level of coverage (as de-
25 fined in subsection (d)(1)(B) of such section), re-

1 regardless of their employment status or contract with
2 the covered industrial operator. Such covered indus-
3 trial operator shall pay the full premium amount for
4 such health plan for each such covered worker or af-
5 fected contract grower who elects to enroll in such
6 plan.

7 (3) SEVERANCE PAY FOR COVERED WORK-
8 ERS.—In the case of a disaster mitigation event, the
9 covered industrial operator shall provide any covered
10 worker terminated by the covered industrial oper-
11 ator, or by an affected contract grower or other af-
12 fected contractor of the covered industrial operator
13 impacted by the disaster mitigation event, during

15 event with 12 weeks of severance pay, at a weekly
16 rate equal to the average weekly earnings of the cov-
17 ered worker during the disaster mitigation event.

18 (4) LOST REVENUE FOR AFFECTED CONTRACT
19 GROWERS.—In any case in which a covered indus-
20 trial operator terminates the contract of an affected
21 contract grower following a disaster mitigation
22 event, the covered industrial operator shall provide

24 grower equal to the affected contract grower's rev-

1 enue from the covered operator during the preceding
2 180 days.

3 (c) ENFORCEMENT BY THE SECRETARY OF
4 LABOR.—

5 (1) GENERAL AUTHORITY.—The Secretary of
6 Labor shall receive, investigate, and attempt to re-
7 solve complaints of violations of this section in the
8 same manner that the Secretary of Labor receives,
9 investigates, and attempts to resolve complaints of
10 violations of sections 6, 7, and 15(a)(3) of the Fair
