To authorize assistance to support activities relating to the clearance of landmines, unexploded ordnance, and other explosive remnants of war in Cambodia, Laos, and Vietnam, and to recognize the refugee and immigrant communities who supported and defended the Armed Forces during the conflict in Southeast Asia, including Hmong, Cham, Cambodian, Iu-Mien, Khmu, Lao, Montagnard, and Vietnamese Americans, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Legacies of War Rec-
5 ognition and Unexploded Ordnance Removal Act”.

6 **SEC. 2. RECOGNITION OF THE COMMUNITIES WHO SUP-**
7 **PORTED AND DEFENDED THE ARMED**
8 **FORCES IN SOUTHEAST ASIA.**

9 (a) FINDINGS.—Congress finds the following:

10 (1) During the conflict in Southeast Asia dur-
11 ing the 1960s and 1970s, many Hmong, Cham,
12 Cambodians, Iu-Mien, Khmu, Lao, Montagnard, and
13 Vietnamese people—

14 (A) supported the Armed Forces;

15 (B) rescued United States pilots shot down
16 in enemy-controlled territory and returned the
17 pilots to safety;

18 (C) gathered and provided intelligence to
19 the Armed Forces about enemy troop positions,
20 movement, and strength; and

21 (D) provided food, shelter, and support to
22 members of the Armed Forces.

23 (2) The national armed forces of Cambodia fa-
24 cilitated the evacuation of the United States Em-

1 bassy in Phnom Penh on April 12, 1975, by fighting
2 Khmer Rouge forces that advanced upon the capital.

3 (3) A tragic legacy of the conflict in Southeast
4 Asia is the lethal risk posed by landmines,
5 unexploded ordnance (in this Act, referred to as
6 “UXO”), and explosive remnants of war in Vietnam,
7 Laos, and Cambodia that still litter forests, rice
8 fields, villages, school grounds, roads, and other pop-
9 ulated areas, hindering development and efforts to
10 reduce poverty.

11 (4) Vietnam remains one of the world’s most
12 contaminated countries, with an estimated 800,000
13 tons of UXO left over from the conflict in Southeast
14 Asia that ended more than 40 years ago. Since
15 1975, UXO accidents have caused more than
16 105,000 casualties, including more than 38,000
17 deaths of Vietnamese civilians.

18 (5) In Laos, much of the country’s land re-
19 mains contaminated with tens of millions of small,
20 unexploded cluster munitions. Since 1964, UXO and
21 other explosive remnants of war have injured or
22 killed more than 50,000 civilians in Laos.

23 (6) Cambodia has experienced one of the high-
24 est rates of landmine and UXO casualties in the
25 world. Over 64,000 Cambodians have been injured

1 or killed by landmines, UXO, or other explosive rem-
2 nants of war since 1979.

3 (7) The United States is the world's leading fi-
4 nancial supporter of demining and programs to re-
5 move UXO. Since 1993, the United States has pro-
6 vided more than \$4,200,000,000 in assistance for lo-
7 cating and destroying UXO and other explosive rem-
8 nants of war and related programs in more than 100
9 countries, including more than \$185,000,000 in
10 Vietnam, \$310,000,000 in Laos, and \$180,000,000
11 in Cambodia.

12 (b) SENSE OF CONGRESS.—It is the sense of Con-
13 gress that—

14 (1) the Hmong, Cham, Cambodian, Iu-Mien,
15 Khmu, Lao, Montagnard, and Vietnamese people de-
16 serve recognition for their support and defense of
17 the Armed Forces during the conflict in Southeast
18 Asia; and

19 (2) the United States should continue to sup-
20 port activities to clear landmines, UXO, and other
21 explosive remnants of war and to provide related as-
22 sistance in Vietnam, Laos, and Cambodia, while
23 strengthening people-to-people ties and reaffirming
24 the long-standing commitment of the United States
25 to Southeast Asia.
