

119TH CONGRESS  
1ST SESSION

# H. R. 2709

To improve the health and resiliency of giant sequoias, and for other purposes.

---

## IN THE HOUSE OF REPRESENTATIVES

APRIL 8, 2025

Mr. FONG (for himself, Mr. PETERS, Mr. COSTA, Mr. WESTERMAN, Mr. WEBSTER of Florida, Mr. PANETTA, Mr. NEWHOUSE, Mr. GARAMENDI, Mr. VALADAO, Mr. BISHOP, Mr. LAMALFA, Mr. CORREA, Mrs. KIM, Mr. RUTHERFORD, Mr. HARDER of California, Mr. OBERNOLTE, Mr. GOLDEN of Maine, Mr. MCCLINTOCK, Mr. VARGAS, Mr. KILEY of California, Mr. BERA, Mr. CALVERT, Mr. HORSFORD, Mr. ISSA, Mr. BENTZ, Mr. FULCHER, Mr. MOORE of Utah, and Ms. LEE of Nevada) introduced the following bill; which was referred to the Committee on Natural Resources, and in addition to the Committee on Agriculture, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

---

# A BILL

To improve the health and resiliency of giant sequoias, and  
for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4       (a) SHORT TITLE.—This Act may be cited as the  
5       “Save Our Sequoias Act”.

6       (b) TABLE OF CONTENTS.—

Sec. 1. Short title; table of contents.  
Sec. 2. Definitions.  
Sec. 3. Shared stewardship agreement for giant sequoias.  
Sec. 4. Giant sequoia lands coalition.  
Sec. 5. Giant sequoia health and resiliency assessment.  
Sec. 6. Giant sequoia emergency response.  
Sec. 7. Giant sequoia reforestation and rehabilitation strategy.  
Sec. 8. Giant sequoia strike teams.  
Sec. 9. Giant sequoia collaborative restoration grants.  
Sec. 10. Good neighbor authority for giant sequoias.  
Sec. 11. Stewardship contracting for giant sequoias.  
Sec. 12. Giant Sequoia Emergency Protection Program and Fund.  
Sec. 13. Authorization of appropriations.

**1 SEC. 2. DEFINITIONS.**

**2 In this Act:**

**3 (1) ASSESSMENT.—**The term “Assessment”  
**4** means the Giant Sequoia Health and Resiliency As-  
**5** sessment required by section 5.

**6 (2) COALITION.—**The term “Coalition” means  
**7** the Giant Sequoia Lands Coalition codified under  
**8** section 4(a).

**9 (3) COLLABORATIVE PROCESS.—**The term “col-  
10 laborative process” means a process relating to the  
11 management of covered National Forest system  
12 lands or covered public lands by which a project or  
13 forest management activity is developed and imple-  
14 mented by the Secretary concerned through collabo-  
15 ration with multiple interested persons representing  
16 diverse interests.

**17 (4) COVERED NATIONAL FOREST SYSTEM  
18 LANDS.—**The term “covered National Forest System  
19 lands” means the proclaimed National Forest Sys-

1       tem lands reserved or withdrawn from the public do-  
2       main of the United States covering the Sequoia Na-  
3       tional Forest and Giant Sequoia National Monu-  
4       ment, Sierra National Forest, and Tahoe National  
5       Forest.

6                 (5) COVERED PUBLIC LANDS.—The term “cov-  
7       ered public lands” means—

8                         (A) the Case Mountain Extensive Recre-  
9       ation Management Area in California managed  
10      by the Bureau of Land Management; and

11                         (B) Kings Canyon National Park, Sequoia  
12      National Park, and Yosemite National Park in  
13      California managed by the National Park Serv-  
14      ice.

15                 (6) GIANT SEQUOIA.—The term “giant se-  
16      quoia” means a tree of the species *Sequoiadendron*  
17      *giganteum*.

18                 (7) GROVE-SPECIFIC HAZARDOUS FUELS RE-  
19      DUCTION PLAN.—The term “grove-specific haz-  
20      ardous fuels reduction plan” means a plan developed  
21      by the applicable land management agency prior to  
22      conducting an analysis under the National Environ-  
23      mental Policy Act (42 U.S.C. 4321 et seq.) to ad-  
24      dress hazardous fuels in 1 or more giant sequoia  
25      groves.

1                             (8) PROTECTION PROJECT.—The term “Protec-  
2 tion Project” means a Giant Sequoia Protection  
3 Project carried out under section 6.

4                             (9) REFORESTATION.—The term “reforest-  
5 ation” means the act of renewing tree cover, taking  
6 into consideration species composition and resilience,  
7 by establishing young trees through natural regen-  
8 eration, artificial or natural regeneration with site  
9 preparation, planting or direct seeding, or vegetation  
10 competition control following artificial or natural re-  
11 generation.

12                            (10) REHABILITATION.—The term “rehabilita-  
13 tion” means any action taken during the 5-year pe-  
14 riod beginning on the last day of a wildland fire to  
15 repair or improve fire-impacted lands which are un-  
16 likely to recover to management-approved conditions.

17                            (11) RELEVANT CONGRESSIONAL COMMIT-  
18 TEES.—The term “relevant Congressional Commit-  
19 tees” means—

20                            (A) the Committees on Natural Resources,  
21 Agriculture, and Appropriations of the House of  
22 Representatives; and

23                            (B) the Committees on Energy and Nat-  
24 ural Resources, Agriculture, Nutrition, and  
25 Forestry, and Appropriations of the Senate.

1                             (12) RESPONSIBLE OFFICIAL.—The term “re-  
2 sponsible official” means an employee of the Depart-  
3 ment of the Interior or Forest Service who has the  
4 authority to make and implement a decision on a  
5 proposed action.

6                             (13) SECRETARY.—The term “Secretary”  
7 means the Secretary of the Interior.

8                             (14) SECRETARY CONCERNED.—The term  
9 “Secretary concerned” means—

10                             (A) the Secretary of Agriculture, with re-  
11 spect to covered National Forest System lands,  
12 or their designee; and

13                             (B) the Secretary of the Interior, with re-  
14 spect to covered public lands, or their designee.

15                             (15) STRATEGY.—The term “Strategy” means  
16 the Giant Sequoia Reforestation and Rehabilitation  
17 Strategy established under section 7.

18                             (16) STRIKE TEAM.—The term “Strike Team”  
19 means a Giant Sequoia Strike Team established  
20 under section 8.

21                             (17) TRIBE.—The term “Tribe” means the  
22 Tule River Indian Tribe of the Tule River Reserva-  
23 tion, California.

1   **SEC. 3. SHARED STEWARDSHIP AGREEMENT FOR GIANT SE-**

2                   **QUOIAS.**

3                 (a) IN GENERAL.—Not later than 90 days after re-  
4 ceiving a request from the Governor of the State of Cali-  
5 fornia or the Tribe, the Secretary shall enter into or ex-  
6 pand an existing shared stewardship agreement or enter  
7 into a similar agreement with the Secretary of Agriculture,  
8 the Governor of the State of California, and the Tribe to  
9 jointly carry out the short-term and long-term manage-  
10 ment and conservation of giant sequoias.

11                 (b) PARTICIPATION.—

12                 (1) IN GENERAL.—If the Secretary has not re-  
13 ceived a request from the Governor of the State of  
14 California or the Tribe under subsection (a) before  
15 the date that is 90 days after the date of enactment  
16 of this Act, the Secretary shall enter into the agree-  
17 ment under subsection (a) and jointly implement  
18 such agreement with the Secretary of Agriculture.

19                 (2) FUTURE PARTICIPATION.—If the Secretary  
20 receives a request from the Governor of the State of  
21 California or the Tribe any time after entering into  
22 the agreement with the Secretary of Agriculture  
23 under paragraph (1), the Secretary shall accept the  
24 Governor of the State of California or the Tribe as  
25 a party to such agreement.

1   **SEC. 4. GIANT SEQUOIA LANDS COALITION.**

2                 (a) CODIFICATION.—The Coalition is the entity es-  
3         tablished under the charter titled “Giant Sequoia Lands  
4         Coalition Charter” (or successor charter) signed during  
5         the period beginning June 2, 2022 and ending August 2,  
6         2022 by each of the following:

7                     (1) The National Park Service, representing Se-  
8         quoia and Kings Canyon National Parks.

9                     (2) The National Park Service, representing  
10         Yosemite National Park.

11                     (3) The Forest Service, representing Sequoia  
12         National Forest and Giant Sequoia National Monu-  
13         ment.

14                     (4) The Forest Service, representing Sierra Na-  
15         tional Forest.

16                     (5) The Forest Service, representing Tahoe Na-  
17         tional Forest.

18                     (6) The Bureau of Land Management, rep-  
19         resenting Case Mountain Extensive Recreation Man-  
20         agement Area.

21                     (7) The Tribe, representing the Tule River In-  
22         dian Reservation.

23                     (8) The State of California, representing  
24         Calaveras Big Trees State Park.

25                     (9) The State of California, representing Moun-  
26         tain Home Demonstration State Forest.

1                                 (10) The University of California, Berkeley,  
2 representing Whitaker's Research Forest.

3                                 (11) The County of Tulare, California, rep-  
4 resenting Balch Park.

5                                 (b) DUTIES.—In addition to the duties specified in  
6 the charter referenced in subsection (a), the Coalition  
7 shall—

8                                 (1) produce the Assessment under section 5;  
9                                 (2) observe implementation, and provide policy  
10 recommendations to the Secretary concerned, with  
11 respect to—

12                                 (A) Protection Projects carried out under  
13 section 6; and

14                                 (B) the Strategy established under section  
15 7;

16                                 (3) facilitate collaboration and coordination on  
17 Protection Projects, particularly projects that cross  
18 jurisdictional boundaries;

19                                 (4) facilitate information sharing, including best  
20 available science as described in section 5(c) and  
21 mapping resources; and

22                                 (5) support the development and dissemination  
23 of educational materials and programs that inform  
24 the public about the threats to the health and resil-  
25 iency of giant sequoia groves and actions being

1        taken to reduce the risk to such groves from high-  
2        severity wildfire, insects, and drought.

3            (c) ADMINISTRATIVE SUPPORT, TECHNICAL SERV-  
4        ICES, AND STAFF SUPPORT.—The Secretary shall make  
5        personnel of the Department of the Interior available to  
6        the Coalition for administrative support, technical serv-  
7        ices, development and dissemination of educational mate-  
8        rials, and staff support that the Secretary determines nec-  
9        essary to carry out this section.

10      **SEC. 5. GIANT SEQUOIA HEALTH AND RESILIENCY ASSESS-  
11            MENT.**

12            (a) IN GENERAL.—Not later than 6 months after the  
13        date of the enactment of this Act, the Coalition shall sub-  
14        mit to the relevant Congressional Committees a Giant Se-  
15        quoia Health and Resiliency Assessment that, based on  
16        the best available science—

17                  (1) identifies—

18                            (A) each giant sequoia grove that has ex-  
19        perienced a—

20                                    (i) stand-replacing disturbance; or

21                                    (ii) disturbance but continues to have  
22        living giant sequoias within the grove, in-  
23        cluding identifying the tree mortality and  
24        regeneration of giant sequoias within such  
25        grove;

1                   (B) each giant sequoia grove that is at  
2                   high risk of experiencing a stand-replacing dis-  
3                   turbance;

4                   (C) lands located near giant sequoia groves  
5                   that are at risk of experiencing high-severity  
6                   wildfires that could adversely impact such giant  
7                   sequoia groves; and

8                   (D) each giant sequoia grove that has ex-  
9                   perienced a disturbance and is unlikely to natu-  
10                  rally regenerate and is in need of reforestation;

11                 (2) analyzes the resiliency of each giant sequoia  
12                 grove to threats, such as—

13                 (A) high-severity wildfire;

14                 (B) insects, including beetle kill; and

15                 (C) drought;

16                 (3) with respect to Protection Projects, pro-  
17                 poses a list of highest priority Protection Projects to  
18                 be carried out under section 6, giving priority to  
19                 projects located on lands identified under subpara-  
20                 graphs (B) and (C) of subsection (a)(1);

21                 (4) examines how historical, Tribal, or current  
22                 approaches to wildland fire suppression and forest  
23                 management activities across various jurisdictions  
24                 have impacted the health and resiliency of giant se-  
25                 quoia groves with respect to—

1                     (A) high-severity wildfires;  
2                     (B) insects, including beetle kill; and  
3                     (C) drought; and  
4                 (5) includes program and policy recommenda-  
5                 tions that address—

6                     (A) Federal and State policies that impede  
7                 activities to improve the health and resiliency of  
8                 giant sequoias and proposed policy changes to  
9                 address such impediments;

10                    (B) new Federal and State policies nec-  
11                 essary to increase the pace and scale of treat-  
12                 ments that improve the health and resiliency of  
13                 giant sequoias;

14                    (C) options to enhance communication, co-  
15                 ordination, and collaboration, particularly for  
16                 cross-boundary projects, to improve the health  
17                 and resiliency of giant sequoias; and

18                    (D) research gaps that should be ad-  
19                 dressed to improve the best available science on  
20                 the giant sequoias.

21                 (b) ANNUAL UPDATES.—Not later than 1 year after  
22                 the submission of the Assessment under subsection (a),  
23                 and annually thereafter, the Coalition shall submit an up-  
24                 dated Assessment to the relevant Congressional Commit-  
25                 tees that—

1                 (1) includes any new data, information, or best  
2                 available science that has changed or become avail-  
3                 able since the previous Assessment was submitted;

4                 (2) with respect to Protection Projects—

5                     (A) includes information on the number of  
6                 Protection Projects initiated the previous year  
7                 and the estimated timeline for completing those  
8                 projects;

9                     (B) includes information on the number of  
10                 Protection Projects planned in the upcoming  
11                 year and the estimated timeline for completing  
12                 those projects;

13                     (C) provides status updates and long-term  
14                 monitoring reports on giant sequoia groves  
15                 after the completion of Protection Projects; and

16                     (D) if the Secretary concerned failed to re-  
17                 duce hazardous fuels in at least 3 giant sequoia  
18                 groves in the previous year, a written expla-  
19                 nation that includes—

20                             (i) a detailed explanation of what im-  
21                 pediments resulted in failing to reduce haz-  
22                 ardous fuels in at least 3 giant sequoia  
23                 groves;

24                             (ii) a detailed explanation of what ac-  
25                 tions the Secretary concerned is taking to

1           ensure that hazardous fuels are reduced in  
2           at least 3 giant sequoia groves the fol-  
3           lowing year; and

4                 (iii) recommendations to Congress on  
5                 any policies that need to be changed to as-  
6                 sist the Secretary concerned in reducing  
7                 hazardous fuels in giant sequoia groves;  
8                 and

9                 (3) with respect to reforestation and rehabilita-  
10              tion of giant sequoias—

11                 (A) contains updates on the implemen-  
12              tation of the Strategy under section 7, including  
13              grove-level data on reforestation and rehabili-  
14              tation activities; and

15                 (B) provides status updates and moni-  
16              toring reports on giant sequoia groves that have  
17              experienced natural or artificial regeneration as  
18              part of the Strategy under section 7.

19                 (c) DASHBOARD.—

20                 (1) REQUIREMENT TO MAINTAIN.—The Coal-  
21              ition shall create and maintain a website that—

22                 (A) publishes the Assessment, annual up-  
23              dates to the Assessment, and other educational  
24              materials developed by the Coalition;

1                   (B) contains searchable information about  
2                   individual giant sequoia groves, including the—

3                         (i) resiliency of such groves to threats  
4                         described in paragraphs (1) and (2) of  
5                         subsection (a);

6                         (ii) Protection Projects that have been  
7                         proposed, initiated, or completed in such  
8                         groves; and

9                         (iii) reforestation and rehabilitation  
10                         activities that have been proposed, initi-  
11                         ated, or completed in such groves; and

12                   (C) maintains a searchable database to  
13                         track—

14                         (i) the status of Federal environ-  
15                         mental reviews and authorizations for spe-  
16                         cific Protection Projects and reforestation  
17                         and rehabilitation activities; and

18                         (ii) the projected cost of Protection  
19                         Projects and reforestation and rehabili-  
20                         tation activities.

21                   (2) SEARCHABLE DATABASE.—The Coalition  
22                         shall include information on the status of Protection  
23                         Projects in the searchable database created under  
24                         paragraph (1)(C), including—

25                         (A) a comprehensive permitting timetable;

1                         (B) the status of the compliance of each  
2                         lead agency, cooperating agency, and partici-  
3                         pating agency with the permitting timetable;

4                         (C) any modifications of the permitting  
5                         timetable required under subparagraph (A), in-  
6                         cluding an explanation as to why the permitting  
7                         timetable was modified; and

8                         (D) information about project-related pub-  
9                         lic meetings, public hearings, and public com-  
10                         ment periods, which shall be presented in  
11                         English and the predominant language of the  
12                         community or communities most affected by the  
13                         project, as that information becomes available.

14                         (d) BEST AVAILABLE SCIENCE.—In utilizing the best  
15                         available science for the Assessment, the Coalition shall  
16                         include—

17                         (1) data and peer-reviewed research from aca-  
18                         demic institutions with a demonstrated history of  
19                         studying giant sequoias and with experience ana-  
20                         lyzing distinct management strategies to improve  
21                         giant sequoia resiliency;

22                         (2) traditional ecological knowledge from the  
23                         Tribe related to improving the health and resiliency  
24                         of giant sequoia groves; and

1                             (3) data from Federal, State, Tribal, and local  
2                             governments or agencies.

3                             (e) TECHNOLOGY IMPROVEMENTS.—In carrying out  
4                             this section, the Secretary may enter into memorandums  
5                             of understanding or agreements with other Federal agen-  
6                             cies or departments, State or local governments, Tribal  
7                             governments, private entities, or academic institutions to  
8                             improve, with respect to the Assessment, the use and inte-  
9                             gration of—

10                            (1) advanced remote sensing and geospatial  
11                             technologies;

12                            (2) statistical modeling and analysis; or

13                            (3) any other technology the Secretary deter-  
14                             mines will benefit the quality of information used in  
15                             the Assessment.

16                             (f) PLANNING.—The Coalition shall make informa-  
17                             tion from this Assessment available to the Secretary con-  
18                             cerned and State of California to integrate into the—

19                            (1) State of California’s Wildfire and Forest  
20                             Resilience Action Plan;

21                            (2) Forest Service’s 10-year Wildfire Crisis  
22                             Strategy (or successor plan); and

23                            (3) Department of the Interior’s Wildfire Risk  
24                             Five-Year Monitoring, Maintenance, and Treatment  
25                             Plan (or successor plan).

1           (g) RELATION TO THE NATIONAL ENVIRONMENTAL  
2 POLICY ACT OF 1969.—The development and submission  
3 of the Assessment under subsection (a) shall not be sub-  
4 ject to the National Environmental Policy Act of 1969 (42  
5 U.S.C. 4321 et seq.).

6 **SEC. 6. GIANT SEQUOIA EMERGENCY RESPONSE.**

7           (a) EMERGENCY RESPONSE TO PROTECT GIANT SE-  
8 QUOIAS.—

9               (1) IN GENERAL.—

10                   (A) EMERGENCY DETERMINATION.—Con-  
11 gress determines that—

12                       (i) an emergency exists on covered  
13 public lands and covered National Forest  
14 System lands that makes it necessary to  
15 carry out Protection Projects that take  
16 needed actions to respond to the threat of  
17 wildfires, insects, and drought to giant se-  
18 quoias; and

19                       (ii) Protection Projects are necessary  
20 to control the immediate impacts of the  
21 emergency described in clause (i) and are  
22 needed to mitigate harm to life, property,  
23 or important natural or cultural resources  
24 on covered public lands and covered Na-  
25 tional Forest System lands.

1                             (B) APPLICATION.—The emergency deter-  
2                             mination established under subparagraph (A)  
3                             shall apply to all covered public lands and cov-  
4                             ered National Forest System lands.

5                             (C) EXPIRATION.—The emergency deter-  
6                             mination established under subparagraph (A)  
7                             shall expire on the date that is 7 years after the  
8                             date of the enactment of this Act.

9                             (2) IMPLEMENTATION.—While the emergency  
10                            determination established under subsection (a) is in  
11                            effect, the following shall apply:

12                             (A) The following shall have the force and  
13                             effect of law:

14                                 (i) Section 220.4(b) of title 36, Code  
15                             of Federal Regulations (as in effect July  
16                             21, 2022), with respect to covered Na-  
17                             tional Forest System lands.

18                                 (ii) Section 46.150 of title 43, Code of  
19                             Federal Regulations (as in effect October  
20                             12, 2022), with respect to covered public  
21                             lands.

22                                 (iii) Section 402.05 of title 50, Code  
23                             of Federal Regulations (as in effect July  
24                             21, 2022), with respect to covered Na-

1              tional Forest System lands and covered  
2              public lands.

3              (iv) Section 800.12 of title 36, Code  
4              of Federal Regulations (as in effect July  
5              21, 2022), with respect to covered Na-  
6              tional Forest System lands and covered  
7              public lands.

8              (B) A responsible official may carry out a  
9              Protection Project described by paragraph (4)  
10             before initiating—

11             (i) an analysis under section 102 of  
12             the National Environmental Policy Act of  
13             1969 (42 U.S.C. 4332);

14             (ii) consultation under section 7 of the  
15             Endangered Species Act of 1973 (16  
16             U.S.C. 1536); and

17             (iii) consultation under section 106 of  
18             the National Historic Preservation Act (16  
19             U.S.C. 470(f)).

20             (C) The rules established under sub-  
21             sections (d) and (e), section 40807 of the Infra-  
22             structure Investment and Jobs Act (16 U.S.C.  
23             6592c(d) and (e)) shall apply with respect to  
24             Protection Projects by substituting “Protection  
25             Projects” for “authorized emergency action

1           under this section” each place it appears in  
2           such subsections.

3           (D) Protection Projects shall be subject to  
4           the requirements of section 106 of title I of the  
5           Healthy Forests Restoration Act of 2003 (16  
6           U.S.C. 6511 et seq.).

7           (3) PROTECTION PROJECTS.—The responsible  
8           official shall carry out the following forest manage-  
9           ment activities, consistent with applicable grove-spe-  
10          cific hazardous fuels reduction plans or activities  
11          recommend by the Assessment under section 5, as  
12          Protection Projects under the emergency determina-  
13          tion under this section:

14           (A) Conducting hazardous fuels manage-  
15          ment, including mechanical thinning, mastica-  
16          tion, and prescribed burning.

17           (B) Removing hazard trees, dead trees,  
18          dying trees, or trees at risk of dying, as deter-  
19          mined by the responsible official.

20           (C) Removing trees to address over-  
21          stocking or crowding in a forest stand, con-  
22          sistent with the appropriate basal area of the  
23          forest stand as determined by the responsible  
24          official.

1                                     (D) Activities included in the applicable  
2                                     grove-specific hazardous fuels reduction plan.

3                                     (E) Using chemical treatments to address  
4                                     insects and disease and control vegetation com-  
5                                     petition.

6                                     (F) Any combination of activities described  
7                                     in this paragraph.

8                                     (4) REQUIREMENTS.—

9                                     (A) IN GENERAL.—Protection Projects  
10                                     carried out under paragraph (3) and reforest-  
11                                     ation and rehabilitation activities carried out  
12                                     under this Act that are described by subpara-  
13                                     graph (D) are a category of actions hereby des-  
14                                     ignated as being categorically excluded from the  
15                                     preparation of an environmental assessment or  
16                                     an environmental impact statement under sec-  
17                                     tion 102 of the National Environmental Policy  
18                                     Act of 1969 (42 U.S.C. 4332).

19                                     (B) AVAILABILITY.—The Secretary con-  
20                                     cerned shall use the categorical exclusion estab-  
21                                     lished under subparagraph (A) in accordance  
22                                     with this section.

23                                     (C) INTERAGENCY COOPERATION.—Con-  
24                                     gress finds that Protection Projects carried out  
25                                     under this section are consistent with improving

1           the health and resiliency of critical habitat for  
2           threatened and endangered species, including  
3           the Pacific fisher and California spotted owl.

4                         (D)    REQUIREMENTS.—A    Protection  
5                       Project or reforestation or rehabilitation activity  
6                       is described by this subparagraph if such Pro-  
7                       tection Project or reforestation or rehabilitation  
8                       activity—

9                                 (i) covers an area of no more than—  
10   (I) 2,000 acres within giant se-  
11                               quoia groves where a grove-specific  
12                               hazardous fuels reduction plan has  
13                               been developed by the relevant land  
14                               management agency or on lands iden-  
15                               tified under section 5(a)(1)(B); and

16   (II) 3,000 acres on lands identi-  
17                               fied under section 5(a)(1)(C);

18                                 (ii) was—

19   (I) proposed by the Assessment  
20                               under section 5(a)(3);

21   (II) developed through a collabo-  
22                               rative process; or

23   (III) proposed by a resource advi-  
24                               sory committee (as defined in section  
25                               201 of the Secure Rural Schools and

1                   Community Self-Determination Act of  
2                   2000 (16 U.S.C. 7121)); and  
3                   (iii) occurs on Federal land or non-  
4                   Federal land with the consent of the non-  
5                   Federal landowner.

6                   (E) USE OF OTHER AUTHORITIES.—To the  
7                   maximum extent practicable, the Secretary con-  
8                   cerned shall use the authorities provided under  
9                   this section in combination with other authori-  
10                  ties to carry out Protection Projects, includ-  
11                  ing—

12                  (i) good neighbor agreements entered  
13                  into under section 8206 of the Agricultural  
14                  Act of 2014 (16 U.S.C. 2113a); and  
15                  (ii) stewardship contracting projects  
16                  entered into under section 604 of the  
17                  Healthy Forests Restoration Act of 2003  
18                  (16 U.S.C. 6591c).

19                  (F) SAVINGS CLAUSE.—With respect to  
20                  joint Protection Projects and reforestation and  
21                  rehabilitation activities involving the Tribe,  
22                  nothing in this section shall be construed to add  
23                  any additional regulatory requirements onto the  
24                  Tribe.

1       (b) IMPLEMENTATION.—To the maximum extent  
2 practicable, the Secretary concerned shall reduce haz-  
3 ardous fuels in no fewer than 3 giant sequoia groves each  
4 year.

5 **SEC. 7. GIANT SEQUOIA REFORESTATION AND REHABILITA-**  
6 **TION STRATEGY.**

7       (a) REFORESTATION AND REHABILITATION STRAT-  
8 EGY.—

9           (1) IN GENERAL.—Not later than 6 months  
10 after the date of the enactment of this Act, the Sec-  
11 retary, in consultation with the Coalition, shall de-  
12 velop and implement a strategy, to be known as the  
13 Giant Sequoia Reforestation and Rehabilitation  
14 Strategy, to enhance the reforestation and rehabili-  
15 tation of giant sequoia groves that—

16           (A) identifies giant sequoia groves in need  
17 of natural or artificial regeneration, giving  
18 highest priority to groves identified under sec-  
19 tion 5(a)(1)(A)(i);

20           (B) creates a priority list of reforestation  
21 and rehabilitation activities;

22           (C) identifies and addresses—

23               (i) barriers to reforestation or reha-  
24 bilitation including—

(I) regulatory and funding barriers;

(II) seedling shortages or related nursery infrastructure capacity constraints;

6 (III) labor and workforce short-  
7 ages;

8 (IV) technology and science gaps;  
9 and

(V) site preparation challenges;

(ii) potential public-private partnership opportunities to complete high-priority reforestation or rehabilitation projects;

14 (iii) a timeline for addressing the  
15 backlog of reforestation for giant sequoias  
16 in the 10-year period after the agreement  
17 is entered into under section 3; and

18 (iv) strategies to ensure genetic diver-  
19 sity across giant sequoia groves; and

(D) includes program and policy recommendations needed to improve the efficiency or effectiveness of the Strategy.

1       (b) PRIORITY REFORESTATION PROJECTS AMEND-  
2 MENT.—Section 3(e)(4)(C)(ii)(I) of the Forest and  
3 Rangeland Renewable Resources Planning Act of 1974  
4 (16 U.S.C. 1601(e)(4)(C)(ii)(I)) is amended—

5                 (1) in item (bb), by striking “and”;  
6                 (2) in item (cc), by striking the period and in-  
7 serting “; and”; and  
8                 (3) by adding at the end the following:

9                             “(dd) shall include reforest-  
10 ation and rehabilitation activities  
11 conducted under section 7 of the  
12 Save Our Sequoias Act.”.

13       (c) IMPLEMENTATION.—Section 4(d)(1) of the Wil-  
14 derness Act (16 U.S.C. 1133(d)) is amended by inserting  
15 “Nothing in this Act precludes reforestation (as defined  
16 in section 2 of the Save our Sequoias Act) activities to  
17 reestablish giant sequoias following a wildfire.” after the  
18 period at the end.

19 **SEC. 8. GIANT SEQUOIA STRIKE TEAMS.**

20       (a) GIANT SEQUOIA STRIKE TEAMS.—

21                 (1) ESTABLISHMENT.—The Secretary con-  
22 cerned shall each establish a Giant Sequoia Strike  
23 Team to assist the Secretary concerned with the im-  
24 plementation of—

25                             (A) primarily, section 6; and

(B) secondarily, section 7.

2 (2) DUTIES.—Each Strike Team shall—

15 (C) implement Protection Projects under  
16 section 6; and

17 (D) implement reforestation or rehabilita-  
18 tion activities under section 7.

24 (B) employees of the Forest Service;

## 9 SEC. 9. GIANT SEQUOIA COLLABORATIVE RESTORATION

## 10 GRANTS.

11       (a) IN GENERAL.—The Secretary, in consultation  
12 with the parties to the agreement under section 3, shall  
13 establish a program to award grants to eligible entities  
14 to advance, facilitate, or improve giant sequoia health and  
15 resiliency.

16       (b) ELIGIBLE ENTITY.—The Secretary may award  
17 grants under this section to any nonprofit organization,  
18 Tribal Government, local government, academic institu-  
19 tion, or private organization to help advance, facilitate, or  
20 improve giant sequoia health and resiliency.

21 (c) PRIORITY.—In awarding grants under this sec-  
22 tion, the Secretary shall give priority to eligible entities  
23 that—

24 (1) primarily, are likely to have the greatest im-  
25 pact on giant sequoia health and resiliency; and

- 1                         (2) secondarily—  
2                             (A) are small businesses or tribal entities,  
3                             particularly in rural areas; and  
4                             (B) create or support jobs, particularly in  
5                             rural areas.
- 6                         (d) USE OF GRANT FUNDS.—Funds from grants  
7                             awarded under this section shall be used to—  
8                             (1) create, expand, or develop markets for haz-  
9                             ardous fuels removed under section 6, including  
10                             markets for biomass and biochar;  
11                             (2) facilitate hazardous fuel removal under sec-  
12                             tion 6, including by reducing the cost of trans-  
13                             porting hazardous fuels removed as part of a Protec-  
14                             tion Project;  
15                             (3) expand, enhance, develop, or create facilities  
16                             or land that can store or process hazardous fuels re-  
17                             moved under section 6;  
18                             (4) establish, develop, expand, enhance, or im-  
19                             prove nursery capacity or infrastructure necessary to  
20                             facilitate the Strategy established under section 7; or  
21                             (5) support tribal management and conserva-  
22                             tion of giant sequoias, including funding for tribal  
23                             historic preservation officers.

1   **SEC. 10. GOOD NEIGHBOR AUTHORITY FOR GIANT SE-**

2                   **QUOIAS.**

3       Section 8206 of the Agricultural Act of 2014 (16

4 U.S.C. 2113a) is amended—

5                   (1) in subsection (a)—

6                      (A) in paragraph (3)(A)—

7                          (i) in clause (i), by striking “or” at  
8                          the end;

9                          (ii) by redesignating clause (ii) as  
10                         clause (iii); and

11                         (iii) by inserting after clause (i) the  
12                         following:

13                         “(ii) Kings Canyon National Park,  
14                         Sequoia National Park, and Yosemite Na-  
15                         tional Park; or”;

16                   (B) in paragraph (4)(A)—

17                      (i) in clause (ii), by striking “and” at  
18                      the end;

19                      (ii) by redesignating clause (iii) as  
20                      clause (iv);

21                      (iii) by inserting after clause (ii) the  
22                      following:

23                         “(iii) activities conducted under sec-  
24                         tion 6 of the Save Our Sequoias Act;”;

(iv) in clause (iv), as so redesignated,  
by striking the period at the end and inserting “; or”; and

4 (v) by adding at the end the following:  
5 “(v) any combination of activities  
6 specified in clauses (i) through (iv).”.

13 (2) in subsection (b)—

16 (B) by amending paragraph (2)(C) to read  
17 as follows:

18                   “(C) TREATMENT OF REVENUE.—

19                         “(i) IN GENERAL.—Funds received  
20                         from the sale of timber by a Governor, an  
21                         Indian tribe, or a county under a good  
22                         neighbor agreement shall be retained and  
23                         used by the Governor, Indian tribe, or  
24                         county, as applicable—

1                         “(I) to carry out authorized res-  
2                         toration services under such good  
3                         neighbor agreement; and

4                         “(II) if there are funds remain-  
5                         ing after carrying out the services  
6                         under clause (i), to carry out author-  
7                         ized restoration services within the  
8                         State under other good neighbor  
9                         agreements.

10                         “(ii) SPECIAL RULE FOR CERTAIN NA-  
11                         TIONAL PARKS.—Funds received from the  
12                         sale of timber by a Governor, an Indian  
13                         tribe, or a county under a good neighbor  
14                         agreement carried out within the bound-  
15                         aries of Kings Canyon National Park, Se-  
16                         quoia National Park, or Yosemite National  
17                         Park shall be retained and used by the  
18                         Governor, Indian tribe, or county, as appli-  
19                         cable—

20                         “(I) to carry out authorized res-  
21                         toration services under such good  
22                         neighbor agreement;

23                         “(II) if there are funds remain-  
24                         ing after carrying out the services  
25                         under clause (i), to carry out author-

6                             “(III) if there are no further  
7                             good neighbor agreements to carry  
8                             out under clause (ii), to transfer to  
9                             the park unit in which the initial good  
10                          neighbor agreement occurred to be  
11                          used for giant sequoia conservation  
12                          and management.

13                             “(iii) TERMINATION OF EFFECTIVE-  
14                             NESS.—The authority provided by this  
15                             subparagraph terminates effective October  
16                             1, 2030.”;

17 (C) in paragraph (3), by inserting “, In-  
18 dian tribe,” after “Governor”; and

19 (D) by amending paragraph (4) to read as  
20 follows:

21               “(4) AUTHORIZED RESTORATION SERVICES IN  
22 CERTAIN NATIONAL PARKS.—Authorized restoration  
23 services occurring in Kings Canyon National Park,  
24 Sequoia National Park, and Yosemite National Park

1 shall be carried out in accordance with section  
2 100753 of title 54, United States Code.”.

3 (3) CONFORMING AMENDMENTS.—Section  
4 8206(a) of the Agricultural Act of 2014 (16 U.S.C.  
5 2113a(a)) is amended—

6 (A) in paragraph (1)(B), by inserting “,  
7 Indian tribe,” after “Governor”; and

8 (B) in paragraph (5), by inserting “, In-  
9 dian tribe,” after “Governor”.

10 **SEC. 11. STEWARDSHIP CONTRACTING FOR GIANT SE-**  
11 **QUOIAS.**

12 (a) NATIONAL PARK SERVICE.—Section 604(a)(2) of  
13 the Healthy Forests Restoration Act of 2003 (16 U.S.C.  
14 6591c(c)) is amended to read—

15 “(2) DIRECTOR.—The term ‘Director’ means  
16 the Director of the Bureau of Land Management  
17 with respect to Bureau of Land Management lands  
18 and the Director of the National Park Service with  
19 respect to lands within Kings Canyon National  
20 Park, Sequoia National Park, and Yosemite Na-  
21 tional Park.”.

22 (b) GIANT SEQUOIA STEWARDSHIP CONTRACTS.—  
23 Section 604(c) of the Healthy Forests Restoration Act of  
24 2003 (16 U.S.C. 6591c(c)) is amended by adding at the  
25 end the following:

1               “(8) Promoting the health and resiliency of  
2               giant sequoias.”.

3 **SEC. 12. GIANT SEQUOIA EMERGENCY PROTECTION PRO-**  
4 **GRAM AND FUND.**

5               (a) IN GENERAL.—Chapter 1011 of title 54, United  
6 States Code, is amended by inserting at the end the fol-  
7 lowing:

8 **§ 101123. Giant Sequoia Emergency Protection Pro-**  
9 **gram and Fund**

10               “(a) GIANT SEQUOIA EMERGENCY PROTECTION  
11 PROGRAM.—The National Park Foundation, in coordina-  
12 tion with the National Forest Foundation, shall design  
13 and implement a comprehensive program to assist and  
14 promote philanthropic programs of support that benefit—

15               “(1) primarily, the management and conserva-  
16 tion of giant sequoias on National Park Service and  
17 covered National Forest System lands to promote re-  
18 siliency to wildfires, insects, and drought; and

19               “(2) secondarily, the reforestation of giant se-  
20 quoias on National Park Service and covered Na-  
21 tional Forest System lands impacted by wildfire.

22               “(b) GIANT SEQUOIA EMERGENCY PROTECTION  
23 FUND.—The National Park Foundation, in coordination  
24 with the National Forest Foundation, shall establish a  
25 joint special account to be known as the Giant Sequoia

1 Emergency Protection Fund (referred to as ‘the Fund’ in  
2 this section), to be administered in support of the program  
3 established under subsection (a).

4           “(1) FUNDS FOR GIANT SEQUOIA EMERGENCY  
5 PROTECTION.—The Fund shall consist of any gifts,  
6 devises, or bequests that are provided to the Na-  
7 tional Park Foundation or National Forest Founda-  
8 tion for such purpose.

9           “(2) USE OF FUNDS.—Funds shall be available  
10 to the National Park Foundation and National For-  
11 est Foundation without further appropriation, sub-  
12 ject to the provisions in paragraph (3), for projects  
13 and activities approved by the Chief of the Forest  
14 Service or the Director of the National Park Service  
15 as appropriate, or their designees, to—

16           “(A) primarily, support the management  
17 and conservation of giant sequoias on National  
18 Park Service and covered National Forest Sys-  
19 tem lands to promote resiliency to wildfires, in-  
20 sects, and drought; and

21           “(B) secondarily, support the reforestation  
22 of giant sequoias on National Park Service and  
23 covered National Forest System lands impacted  
24 by wildfire.

1               “(3) TRIBAL SUPPORT.—Of the funds provided  
2       to the National Park Foundation and National For-  
3       est Foundation under paragraph (2), not less than  
4       15 percent of such funds shall be used to support  
5       tribal management and conservation of giant se-  
6       quoias including funding for tribal historic preserva-  
7       tion officers.

8               “(c) SUMMARY.—Beginning 1 year after the date of  
9       the enactment of this Act, the National Park Foundation  
10      and National Forest Foundation shall include with their  
11      annual reports a summary of the status of the program  
12      and Fund created under this section that includes—

13               “(1) a statement of the amounts deposited in  
14       the Fund during the fiscal year;

15               “(2) the amount of the balance remaining in  
16       the Fund at the end of the fiscal year; and

17               “(3) a description of the program and projects  
18       funded during the fiscal year.

19               “(d) COVERED NATIONAL FOREST SYSTEM LANDS  
20      DEFINED.—In this section, the term ‘covered National  
21      Forest System lands’ has the meaning given such term  
22      in section 2 of the Save Our Sequoias Act.

23               “(e) TERMINATION OF EFFECTIVENESS.—The au-  
24      thority provided by this section shall terminate 7 years

1 after the date of enactment of the Save Our Sequoias  
2 Act.”.

3 (b) CONFORMING AMENDMENT.—The table of sec-  
4 tions for chapter 1011 of title 54, United States Code,  
5 is amended by inserting at the end the following:

“101123. Giant Sequoia Emergency Protection Program and Fund.”.

**6 SEC. 13. AUTHORIZATION OF APPROPRIATIONS.**

7 (a) IN GENERAL.—Subject to the availability of ap-  
8 propriations made in advance for such purposes, the Sec-  
9 retary concerned shall allocate up to—

- 10 (1) \$10,000,000 for fiscal year 2026;  
11 (2) \$25,000,000 for fiscal year 2027;  
12 (3) \$30,000,000 for each of fiscal years 2028  
13 through 2030; and  
14 (4) \$40,000,000 for each of fiscal years 2031  
15 through 2032.

16 (b) LIMITATION.—Of the amounts authorized under  
17 subsection (a), not less than 90 percent of funds shall be  
18 used to carry out section 6 and section 9 of this Act.

19 (c) SAVINGS CLAUSE.—Nothing in this Act affects—  
20 (1) the allocation of previously appropriated  
21 funds from prior fiscal years, consistent with appli-  
22 cable laws and regulations; and

1                   (2) the prerogative of the Secretary concerned  
2                   to establish Departmental funding priorities, con-  
3                   sistent with applicable laws and regulations.
