## A BILL

To establish the William S. Knudsen Commission for American Defense-Industrial Mobilization, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “William S. Knudsen  
5       Defense Remobilization Act”.

6 **SEC. 2. FINDINGS.**

7       Congress makes the following findings:

8           (1) The United States faces a critical lack of  
9       domestic industrial capacity necessary to support

1 and maintain its defense, particularly in the event of  
2 a major conflict.

3 (2) Current and building shortages of munitions  
4 and materiel are estimated to require years to  
5 replenish sufficiently.

6 (3) The domestic industrial base is shaped by  
7 Federal Government policies, including by a raft of  
8 regulations that often inhibit production and expansion.  
9

10 (4) The lack of industrial capacity now constituted  
11 a major threat to the national security as conflicts supplied with United States arms escalate  
12 around the globe and imminent threats to United  
13 States interests have emerged.

15 (5) Before entering World War II, the United States faced a similar crisis of adequate defense production as it supplied its allies in Europe and prepared for the event of war.

19 (6) In 1940, William S. Knudsen, an American automotive executive, was tasked with coordinating and spearheading the nation's war production by serving as the chairman of the Office of Production Management and as a member of the National Defense Advisory Commission.

1                             (7) As a result of Mr. Knudsen's efforts, the  
2                             United States mobilized an unprecedented industrial  
3                             war production network, renowned as the "Arsenal  
4                             of Democracy," that enabled Allied victory.

5       **SEC. 3. ESTABLISHMENT OF THE WILLIAM S. KNUDSEN**  
6                             **COMMISSION FOR AMERICAN DEFENSE-IN-**  
7                             **DUSTRIAL MOBILIZATION.**

8                             (a) **ESTABLISHMENT.**—There is established in the  
9                             legislative branch the William S. Knudsen Commission for  
10                            American Defense-Industrial Mobilization (referred to in  
11                            this Act as the "Commission").

12                             (b) **PURPOSE.**—The purpose of the Commission is to  
13                             examine and make recommendations to the President and  
14                             Congress with respect to the defense-industrial base of the  
15                             United States.
